

## JEEP YJ HEAVY DUTY STEERING BOX RELOCATION BRACKET KIT

This **HEAVY DUTY** bracket kit fits the Jeep YJ 1987-1995 and will move the steering gear box forward 1 inch. This is an **ABSOLUTE** necessity when installing full width axles, (high steer) crossover steering, spring over, or a shackle reversal. This will help eliminate the dreaded tie rod / drag link clearance issues. The bracket kit is also a necessity when 3-linking or 4-linking your front end and allowing you to stretch the wheel base forward.

The heavy duty brackets are made from CNC cut 3/8" thick HRP&O steel and CAD designed for a precise fit. Includes grade 8 mounting hardware. The kit bolts on utilizing the factory holes in the frame. **NOTE: May interfere with some aftermarket bumpers. NOTE: No provisions for the stock sway bar mount. NOTE: Depending on the type of steering shaft your jeep has, it may be necessary to replace or modify your steering shaft.**

Start the installation off with first removing the power steering hoses from the steering gear box, the drag link from the pitman arm, and the steering shaft. Once removed, the steering box then can be unbolted from the frame. New hardware is provided for the new steering box relocation bracket kit. **NOTE: Careful when removing the two lower bolts for the factory steering box mount. These bolts are notorious for getting froze or rusted in the frame and will sometimes break. We highly advise spraying them down with some kind of penetrating oil and allowing to soak overnight.**

Loosely install the offset plate over the 3/4" and 1/4" spacers with the 7/16" x 1 3/4" and 7/16" x 1 1/2" bolts.

Install the two 7/16" x 4 1/2" long bolts through the factory holes in the frame. Slip the new relocation bracket over the bolts and install the spacer plate next over the bolts. You are now ready to install the steering gear box.

Install hardware loosely with provided all metal lock nuts.

Install lower 1 7/16" spacers with 7/16" x 2 1/2" long bolts into steering gear box. Then install the two 7/16" x 1 1/2" bracket bolts into the bottom of the frame rail.

Once satisfied with the fitment, torque all mounting hardware to factory specs. We highly advise using a red Loctite on all mounting hardware. Reinstall power steering hoses. **NOTE: It may be necessary to notch the bottom of the grill to accommodate the power steering hoses.** Reinstall the drag link and steering shaft. **NOTE: Steering shaft may need to be modified or replaced.** Refill power steering fluid, start the vehicle, turn the wheel lock to lock several times, and check for any signs of binding.

Because all parts we sell are intended for use in heavy-duty or off-road applications, it is not possible to warranty or guarantee the performance of any items. Modification of your vehicle to enhance performance with parts sold by Dave’s Customs Unlimited, LLC may create a dangerous condition which could cause serious bodily injury and the buyer hereby expressly assumes all risk associated with any such modifications. All parts sold by Dave’s Customs Unlimited, LLC are for racing or off-road use only. Dave’s Customs Unlimited, LLC will not accept responsibility for personal injury or property damage arising from the failure of any parts manufactured or sold by Dave’s Customs Unlimited, LLC.

## ***Hold Harmless Agreement:***

1. In purchasing a Dave’s Customs Unlimited, LLC product, I release, waive, discharge, and covenant not to sue Dave’s Customs Unlimited, LLC officers, servants, agents, or employees from any and all liability, claims, demands, actions, and causes of action whatsoever arising out of or related to any loss, damage, or injury including death that may be sustained by me or anyone else, any property belonging to me, or anyone else whether caused by the negligence of the releasees or otherwise while working on, using, or any activity related to this product.

2. I am fully aware of risks and hazards connected with the use of this product and I elect to voluntarily engage in such use of this product knowing that the use may be hazardous to me and my property. I voluntarily assume full responsibility for any risks of loss, property damage, or personal injury including death that may be sustained by me or anyone else, or any loss or damage to property owned by me, or anyone else as a result of using this product whether caused by the negligence of releasees or otherwise.
3. I further agree to indemnify and hold harmless the releasees from any loss, liability, damage or costs, including court costs and attorney fees, that they may incur due to my use of this product, whether caused by negligence of releasees or otherwise.
4. It is my express intent that this Release and Hold Harmless Agreement shall bind the members of my family and spouse, if I am alive, and my heirs assigns and personal representative, if I am deceased, and shall be deemed as a release, waive, discharge, and covenant not to sue the above named releasees. I further agree that with this Waiver of Liability and Hold Harmless Agreement shall be construed in accordance with the laws of the State of Arizona.

By accepting this product, I acknowledge and represent that I have read the above Waiver and Liability and Hold Harmless Agreement, understand it and accept it voluntarily as my own free act and deed; no oral presentations, statements, or inducements, apart from the foregoing written agreement, have been made; I am at least eighteen (18) years of age and fully competent; and I execute this Release for full, adequate, and complete consideration fully intending to be bound by same.

**If you do not agree with the preceding Hold Harmless Agreement,** you may return the product and receive a full refund. Please contact a Dave's Customs Unlimited, LLC representative regarding the product in question. Once the product has been received by Dave's Customs Unlimited, LLC and inspected, a full refund will be issued.

**FIT and TOLERANCES:** All parts sold by Dave's Customs Unlimited, LLC are the results of countless hours of research, testing, fitting, and refining. There is a large variation in tolerance from vehicle to vehicle. In addition to the factory tolerances, most people install other than factory equipment (aftermarket add-ons). Dave's Customs Unlimited, LLC has done the best job we can to ensure that our parts fit with some of these possibilities. This is why Dave's Customs Unlimited, LLC installs "several slots" in which to mount our brackets and other products; however, you may find it necessary to grind, elongate, bend, or force the parts you buy to fit on your particular vehicle. Be sure that you want to install them before you modify them. Please use common sense when installing these parts and let us know how we can improve them.
